Experience

Web Developer / Photographer

Independent Contractor / Freelance

Oct 2014 - Present

Design, develop, optimize, and maintain responsive websites and web-based application based on client needs and business requirements. Provide portrait, wedding, and commercial photography services to clients.

- Developed custom payment gateway plugin for Woocommerce to process payments via the client's chosen payment merchant's three-step redirect Application Programming Interface (API).
- Extended the functionality of Wordpress plugin to allow additional options to be shown or hidden based on selected product options, allowing the company to expand its product base by 66%.

Web Developer/Designer/Analyst

Boone County

Aug 2016 - May 2019

Maintained, updated, designed, and developed new and existing web projects for all Boone County, Missouri Government websites, including all ASP.Net applications.

- Spearheaded the successful proposal, design, and development of a modern, mobile-friendly redesign of outdated 20-year-old website.
- Championed the need for improved and continued accessibility and Section 508/WCAG compliance in an effort to ensure that the county website is helpful to users of all abilities.

Web Developer

Designaweb

Oct 2013 - Oct 2014

Developed, optimized, and maintained responsive Wordpress and EuropaCart websites based on graphic designers specifications, client needs, and business requirements.

- Developed custom Wordpress themes, perfectly replicating Photoshop Data File (PSD) designs provided by graphic designer.
- Improved Wordpress content manageability using custom taxonomies and post types for customers to easily add or update their content without compromising the design and layout.

Various Positions Held

U.S. Air Force

Jan 1999 - Oct 2011

Served on active duty as an avionics technician (8yrs, 3mos) and a paralegal (4yrs, 6mos), working in various positions to include Shift Supervisor, Lead Circuit Card Repair Technician, Civil Law Section Manager, and Assistant Headquarters Law Office Manager.
